

DAA Programs

1. Write a C program to implement Merge sort algorithm for sorting a list of integers in ascending order.
2. Write a C program to implement Quick Sort algorithm for sorting a list of integers in ascending order.
3. Write a C program to implement greedy algorithm for job sequencing with deadlines
4. Write a C program to implement Floyd-Warshall algorithm for all pairs shortest path problem
5. Write a C program to implement n-queens problem using backtracking

CN Programs

1. Write a C program to demonstrate Byte stuffing?
2. Write a C program to demonstrate Bit stuffing?
3. Write a C program to implement Hamming code?
4. Write a C program to implement leaky bucket algorithm
5. Write a C program to implement Dijkstra's shortest path routing algorithm
